6. Voluntary Sick Leave Transfer Policy

The purpose of this sick leave program is to provide accrued sick leave to another city employee who, because of a non-work related medical emergency, has exhausted all personal accrued vacation, sick leave, and holiday time off.

This policy applies to all full-time regular employees. This policy includes a discussion of voluntary sick leave donations. It also includes criteria for employees to determine whether or not to contribute to a fellow employee.

A city employee who has accrued a minimum of eighty (80) hours of sick leave, after donation, may donate up to sixteen (16) hours of sick leave per calendar year to the same recipient who has an immediate and reasonable need for such assistance. Employees who are affected by a medical emergency may apply to become sick leave recipients to the Director of Human Resources through their department head.

The Director of Human Resources will forward completed requests to all departments for posting on the department bulletin boards. The requests shall remain posted for ten (10) working days.

If, after reviewing the request for sick leave donations, a City employee decides to participate in the voluntary transfer program, the donors shall give their department head, a written statement specifying the number of hours donated, and the name and department of the employee to whom the donation is being made. Completed donation forms shall be forward to payroll, human resources and the recipient's department head. Donated leave will be used on "first in, first used" basis.

Sick leave, vacation leave, and holiday time off will not accrue while the employee is using donated leave.

E. Family and Medical Leave Act

a) Basic Leave Entitlement:

FMLA requires the City to provide up to 12 weeks of unpaid, job-protected leave to eligible employees for the following reasons:

- For incapacity due to pregnancy, prenatal medical care or child birth;
- To care for the employee's child after birth, or placement for adoption or foster care.
- To care for the employee's spouse, son or daughter, or parent, who has a serious health condition; or
- For a serious health condition that makes the employee unable to perform the employee's job.

The twelve (12) month period shall commence when leave is first used.

Where two spouses are employed by the City, their combined leave will be limited to twelve (12) workweeks during any twelve-month period.

b) Military Family Leave Entitlements:

Eligible employees with a spouse, son, daughter, or parent on active duty or called to active duty status in the National Guard or Reserves in support of a contingency operation may use their 12-week leave entitlement to address certain qualifying exigencies. Qualifying exigencies may include attending certain military events, arranging for alternative childcare, addressing certain financial and legal arrangements, attending certain counseling sessions, and attending post-deployment reintegration briefings.

FMLA also includes a special leave entitlement that permits eligible employees to take up to 26 weeks of leave to care for a covered servicemember during a single 12-month period. A covered servicemember is a current member of the Armed Forces, including a member of the National Guard or Reserves, who has a serious injury or illness incurred in the line of duty on active duty that may render the servicemember medically unfit to perform his or her duties for which the servicemember is undergoing medical treatment, recuperation, or therapy; or is in outpatient status; or is on the temporary disability retired list.

c) Benefits and Protections:

During FMLA leave, the City must maintain the employee's health coverage under any "group health plan" on the same terms as if the employee had continued to work. Upon return from FMLA leave, most employees must be restored to their original or equivalent positions with equivalent pay, benefits, and other employment terms. Use of FMLA leave cannot result in the loss of any employment benefit that accrued prior to the start of an employee's leave.

d) Definition of Serious Health Condition:

A serious health condition is an illness, injury, impairment, or physical or mental condition that involves either an overnight stay in a medical care facility, or continuing treatment by a health care provider for a condition that either prevents the employee from performing the functions of the employee's job, or prevents the qualified family member from participating in school or other daily activities.

Subject to certain conditions, the continuing treatment requirement may be met by a period of incapacity of more than 3 consecutive calendar days combined with at least two visits to a health care provider or one visit and a regimen of continuing treatment, or incapacity due to pregnancy, or incapacity due to a chronic condition.

e) Eligibility Requirements:

Employees are eligible if they have worked for the City for at least one year, for 1,250 hours over the previous 12 months.

f) Use of Leave:

An employee does not need to use this leave entitlement in one block. Leave can be taken intermittently or on a reduced leave schedule when medically necessary. Employees must make reasonable efforts to schedule leave for planned medical treatment so as not to unduly disrupt the employer's operations.

g) Substitution of Paid Leave for Unpaid Leave:

The employee shall use any accrued sick leave, annual leave, other available leave, and any donated sick leave in conjunction with the 12-week leave period. If an employee's accrued sick leave and vacation leave total is less than twelve (12) weeks, the time remaining shall be taken as unpaid FMLA leave.

h) Employee Responsibilities:

Employees must provide 30 days advance notice of the need to take FMLA leave when the need is foreseeable. When 30 days notice is not possible, the employee must provide notice as soon as is practicable and must comply with the City's normal call-in procedures.

Employees must provide sufficient information for the employer to determine if the leave may qualify for FMLA protection and the anticipated timing and duration of the leave. Sufficient information may include that the employee is unable to perform job functions; the family member is unable to perform daily activities, the need for hospitalization or continuing treatment by a health care provider, or circumstances supporting the need for military family leave. Employees also must inform the

employer if the requested leave is for a reason for which FMLA leave was previously taken or certified. Employees shall be required to provide a certification and periodic recertification supporting the need for leave.

i) Employer Responsibilities:

The City must inform employees requesting leave whether they are eligible under FMLA. If they are, the notice must specify any additional information required as well as the employees' rights and responsibilities. If they are not eligible, the City must provide a reason for the ineligibility.

F. Workers' Compensation

1. Eligible employees injured while in the performance of their assigned responsibilities may receive benefits as provided by the Worker's Compensation Act.
 - a) While the employee is receiving temporary disability benefits for on the job injuries, the employee will pay his/her contribution to the group health/life insurance plan. The City will continue to pay the employer's contribution to the group health/life insurance plan.
 - b) The employee may use their accrued sick leave for the first three (3) days off work.
 - c) Sick leave, vacation, Holiday Time Off (HTO) and any other city approved time off will not accrue while employee is on temporary total disability.
 - d) The injured employee will be examined by the health care provider every 60 days to determine if employee is making recovery progress, and a forecast of when employee may be able to return to work or light duty.
2. When an injured employee has been off work and receiving temporary total disability benefits, a doctor must certify when the employee is able to return to work, full or light duty.
 - a) If a doctor recommends the employee for light duty, every effort will be made to return the employee to a position suitable to the physical abilities outlined by the doctor.
 - b) When the employee returns to light duty, temporary, total disability payments cease.
 - c) The light duty employee will continue to be examined by the doctor to determine progress and forecast of employee's ability to return to full duty.
 - d) Light duty is limited to twelve (12) months since this is a temporary position.

G. Leave of absence with Pay

Leave of absence with pay may be granted by the Mayor, to permit attendance at professional meetings, training and educational conferences, or other justifiable purposes which the Mayor considers in the best interest of the City of Sheridan.

I. Leave of Absence Without Pay

Leave of absence without pay for a period not to exceed (6) months may be granted by the Mayor when requested by an employee and approved by the department head if such leave is not in conflict with the best interest of the City. If the period of approved leave of absence without pay does not exceed thirty (30) calendar days, service credits and other benefits will be continued. If the period of approved leave of absence without pay exceeds thirty (30) days, service credits and benefits will cease after the first thirty calendar days and thereafter the employee will be given the option to continue insurance benefits at the employee's expense.

- 1. Education Leave** for an attendance period (semester, quarter, etc.) may be granted by the Mayor, where such education would be directly related to the employee's position with the City of Sheridan, and would be in the best interest of the City.
- 2. Other Leaves of absence without pay** may be granted by the Mayor which would be in the best interests of the City of Sheridan and the employee.
- 3. Request Procedures** - Leaves of absence of more than (1) pay period require a written request by the employee. The request shall be submitted prior to any absence without pay. Requests for leaves of absence must be approved by the Department Head and the Mayor. The request should include the reasons for the absence and the specific date of return to work. This date may be changed with approval of the department head and the Mayor.
- 4. Benefits** - Sick leave, vacation and HTO will not accrue during an unpaid leave of absence. Accrual will continue during any paid leave. If an unpaid leave of absence consumes an entire calendar month, the employee will pay the City paid premium on any insurance. Insurance premiums paid by the City will continue during a paid leave of absence.
- 5. Service** - Unpaid leaves of absence, excluding worker's compensation, of more than month will be deducted from length of service. Unpaid leaves, excluding those covered by worker's compensation, will not be credited toward anniversary dates for merit increases or vacation purposes. Docked time which totals one period or more shall be deducted from length of service.

J. Unauthorized Absence - Any unauthorized absence shall be without pay or other benefits and shall be subject to disciplinary action or dismissal at the discretion of the Mayor. An employee who is absent, without proper notification, for two (2) consecutive workdays shall be considered to have abandoned the job and therefore resigned. If there are aggravating or extenuating circumstances, the employee shall be permitted an opportunity to present such circumstances for consideration to the department head, and review by the Director of Human Resources, with ultimate recourse to the Mayor. Unexcused time shall be compensated with accrued vacation or otherwise counted as unpaid leave.

K. Military Leave of Absence

Employees having a reserve status in any branch of the U.S. Armed Forces or the Wyoming National Guard or National Reserves will be paid up to 15 working days of military leave each calendar year to attend training programs. This leave is in addition to any sick and annual leave to which the employee may be entitled. Any leave to fulfill military obligations beyond that may be annual, personal leave, or leave without pay.

A military leave of absence will be granted to regular full-time employees who are ordered to active duty. Notice of military leave and orders must be given to the supervisor as soon as they are available. During the period of active duty, the employees are paid and re-employed in accordance with the laws governing veteran's re-employment rights. Paid sick and annual leave continue to accrue during unpaid Military Leave.

L. Emergency Closing

The Mayor or representative has the responsibility for determining whether to close City operations during emergencies such as severe weather conditions, lack of heat or electricity, civil disturbances, or other similar conditions. Notice of operations closure will be broadcast on the local radio stations. If the Mayor or representative closes operations for inclement weather or other emergency, the time off will be without pay. If employee so desires, the absence will be charged to a leave of absence in the following order: HTO, annual leave. The City may require work of any or all employees during such emergencies.

If inclement weather or other emergency begins to develop during work hours and the Mayor or representative dismisses the work force early, this time off will be without pay. If employee so desires, the absence will be charged to a leave of absence in the following order: HTO, annual leave.

If an employee does not report to work because of inclement weather or other emergency, and City operations remain open despite that condition, the lost work time will be without pay. If employee so desires, the absence will be charged to a leave of absence in the following order: HTO, annual leave.

This policy has no application to City employees who are otherwise on normal days off or excused leaves of absence, such as annual leave, sick leave, maternity leave, disability leave, or military leave during periods of operations closure.

M. Suspension of Leave

Any leaves or holidays provided for in these rules may be suspended during any period of emergency declared by the City Council and/or the Mayor.

N. Police Officers Killed in the Line of Duty

The spouse and/or children of such deceased police officer do not obtain medical insurance/benefit coverage from an employer or any source;

The spouse and/or children do not qualify for medical insurance/benefit coverage as may be provided by a state or the federal government, including but not limited to Social Security, Medicare/Medicaid.

The City attorney will be available to assist the spouse or administrator or executor of an officer's estate, in legal services and counseling regarding available insurance and benefits in any case, in which a police officer dies in the line of duty.

SECTION 12 Employment of Immediate Family (Nepotism Policy)

- A. In some circumstances, hiring immediate family members of current employees may appear to involve favoritism and be detrimental to morale and to organizational goals. To avoid any possibility of favoritism and to prevent other practices or situations which may be detrimental to the City and City employees, special rules have been developed regarding the hiring and placement of immediate family members.
- B. Immediate family members may be considered for placement within the City. However, under no circumstance is a person to be hired or promoted simply because of a relationship with a current employee. Also, employees may not attempt to influence placement decisions on behalf of immediate family members.
- C. Qualifications of immediate family members must meet the requirements of the open position.
- D. All normal employment procedures will be followed in the hiring of an immediate family member. The hiring of immediate family members is subject to the written approval of the Mayor.
- E. Immediate family members may not work together in the same department or be in a reporting relationship with each other.
- F. If two employees in the same department should marry or qualify as immediate family members through marriage, it will be necessary for the one with the least seniority to move to another department as soon as a position is available for which they have the necessary qualifications. If both employees have the same seniority date, then the employee with lowest salary must move to another department. Failure to accept a vacant position could result in dismissal.

SECTION 13 Outside Employment

Full time employees of the City of Sheridan shall be required to provide the City with efficient performance of their job responsibilities. If an employee wishes to engage in outside employment or ownership in a business, the employee may do so upon notification of the department head and filling out the "Notice of Outside Employment or Financial Interest" form for inclusion in the employee's personnel file. IF there should be a conflict of interest between the outside employment/business and the City of Sheridan, the interest of the City shall prevail. Employees must also notify the City if they have a financial interest in any company that does business with the City of Sheridan on the same form as above for inclusion in the employee's personnel file.

Full-time employees will receive eight (8) hours of holiday pay for each observed holiday and eight (8) hours for their Personal Day. Part-time employees who average at least 20 hours per week will receive four (4) hours of holiday pay for each observed holiday and four (4) hours for their Personal Day.

B. Paid Holiday and Vacation

D. Holiday Occurring on Saturday

When an observed holiday occurs on a Saturday, the previous day, Friday shall be the observed holiday.

SECTION 15 Jury Duty or Court Directed Witness

Jury duty is everyone's civic responsibility. Upon presentation of an authorized court directive, or equivalent, to the employee's department head, the employee shall be granted leave of absence. Employees shall not lose regular pay or leave accrual while serving on jury duty or while appearing as a witness in behalf of the City in a court proceeding. Employees are expected to report to work on any day that jury duty hours reasonably permit.

An employee required to appear in court as a witness on matters in civil proceedings may be granted annual leave or leave without pay at the discretion of the Mayor and department head. Any City employee required to appear as the result of employment activities, would be treated as in the next paragraph.

If an employee is required to attend a court or administrative tribunal hearing during off duty periods, the employee shall be compensated for a minimum of two (2) hours. If total hours worked for the work period exceed forty (40) hours, the employee will be compensated at one and one-half times their hourly rate of pay for the excess hours.

(See Section 9).

SECTION 16 Disciplinary Action

A. Objective:

Employees are the heart and soul of the City of Sheridan. Supervisors should look at their employees as investment. We do not "scrap" or "junk" an asset or investment just because it does not operate at our standards. But, rather we fix that asset or investment to make it perform up to our standards.

We, as supervisors should remember that philosophy when dealing with our employees. If an employee is not performing according to our "ideals" or "standards", we should attempt to "fix" or "modify" that behavior by using the performance appraisal system and, if necessary, disciplinary action through disciplinary notices.

If, on the other hand, in the City's discretion, it does not appear likely that such actions will bring the employee's behavior to an acceptable standard, then involuntary separation is indicated. For instance, by way of illustration, situations where the employee cannot perform the work appropriately, or where the overall record of the employee is poor or the employee requires an excessive amount of supervisory time to be productive. Whether to pursue discipline or termination is at the City's discretion, consistent with our "at will" employment policy.

B. Reasons for Discipline

Department heads, with the approval of the Mayor, may dismiss any employee for any reason. Warnings, reprimands, suspension without pay, and similar actions may be directed against an employee by the department head for unacceptable job performance, violations City or departmental policy, or nonconformance with acceptable employee behavior.

The City of Sheridan reserves the right to take whatever disciplinary action it deems appropriate based on the total circumstance involved, potential risk to other employees, and City property, up to and including discharge.

The City does not require that discipline be "progressive" in nature. The City, in its sole and absolute discretion, may consider factors such as, but not limited to, the severity of the behavior; the prior overall record of the employee; the effect of the employee's behavior on the morale of other employees; whether the employee has demonstrated an overall aptitude, ability and willingness to satisfactorily perform assigned job duties.

C. Possible Disciplinary Actions

Employees may be subject to the following actions:

1. **Oral Warning** - Whenever an employee's performance falls below the required level or when an employee's conduct falls under one of the causes for action listed above, the department head or representative may orally inform the employee of such lapses. Following discussion of the matter, a reasonable time (explained to the employee) for improvement or correction may be allowed before any further disciplinary action initiated. Department heads and/or representatives may keep a written notation for each such discussion, in an employee file, outlining the date and specifics of the oral warning.

2. **Written Reprimand** - In those situations where one or more oral reprimand(s) has not resulted in significant improvement, or the seriousness of the offense warrants, a written reprimand may be prepared.

The written reprimand should clearly and specifically outline a specific course of action the employee should take to correct the problem. It should, if applicable, list previous warning(s) or reprimands concerning the same problem. Finally, the reprimand may include a statement to the effect that further instances will lead to further and more stringent disciplinary action. The employee must sign a copy of the reprimand indicating the employee has received and understands the reprimand. The employee's signature does not necessarily indicate agreement with the reprimand. Failure by the employee to sign the reprimand shall be deemed to constitute insubordination, and additional appropriate disciplinary action shall be taken. The original of the reprimand is to be given to the Human Resources Department for inclusion in the employee's personnel file. A signed copy is to be given to the employee, and a copy may be retained by the supervisor.

3. **Suspension** - Should one (1) or more warnings or Reprimands not result in corrective action by the Employee or, in the judgment of the Department Head, should the seriousness of the offense warrant, the department head may recommend suspension without pay for an employee. Suspension must be approved by the Mayor.
4. **Demotion** - Should one (1) or more, of the above actions not result in corrective action by the employee, or, in the judgment of the Department Head, should the seriousness of the offense warrant, the department head may recommend demotion of an employee. Such action should be accompanied by a letter as outlined in "reprimand" above. Demotions must be approved by the Mayor.
5. **Dismissal** - Should one (1) or more of the previous actions not correct the problem, and should there be no indications that further discipline would be of any value, or should the seriousness of the offense warrant, the Department Head may recommend the dismissal of an employee. Dismissal must be approved by the Mayor.

D. Documentation

Supervisors will submit a properly signed disciplinary notice for all actions except oral warnings to Director of Human Resources, for inclusion in the employee's personnel file.

SECTION 17 Unlawful EEO Harassment Policy

The City of Sheridan is committed to maintaining a positive working environment free of unlawful harassment and which is sensitive to the diversity of its employees. In doing so, the City prohibits sexual harassment and harassment because of age, race, sex, color, religion, national origin, disability, or any other legally protected status.

Unlawful harassment includes verbal or physical conduct that has the purpose or effect of substantially interfering with an individual's work performance or creating and intimidating, hostile, or offensive work environment. Actions based on an individual's race, color, national origin, religion, disability, or any other legally protected characteristic will not be tolerated. Prohibited behavior includes, but is not limited to the following:

- Written form such as cartoons, e-mail, posters, drawings, or photographs.
- Verbal conduct such as epithets, derogatory comments, slurs, or jokes.
- Physical conduct such as assault, or blocking an individual's movements.

This policy applies to all employees including directors, supervisors, co-workers, and non-employees such as customers, vendors, consultants, etc.

Sexual Harassment

Because sexual harassment raises issues that are to some extent unique in comparison to other harassment, the City of Sheridan believes it warrants separate emphasis.

The City strongly opposes sexual harassment and inappropriate sexual conduct. Sexual harassment is defined as unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature, when:

- Submission to such conduct is made explicitly a term or condition of employment.
- Submission to or rejection of such conduct is used as the basis for decisions affecting an individual's employment.
- Such conduct has the purpose or effect of substantially interfering with an individual's work performance or creating an intimidating hostile or offensive work environment.

All employees are expected to conduct themselves in a professional and businesslike manner at all times. Inappropriate sexual conduct that could lead to a claim of sexual harassment is expressly prohibited by this policy. Such conduct includes, but is not limited to sexually implicitly or explicitly communications whether in:

- Written form, such as cartoons, posters, calendars, notes, letters, email, etc.
- Verbal form, such as comments, jokes, foul or obscene language of a sexual nature, gossiping, or questions about another's sex life, or repeated unwanted requests for dates.

- Physical gestures and other nonverbal behavior, such as unwelcome touching, grabbing, fondling, kissing, massaging, and brushing up against another's body.

EEO/Sexual Harassment Complaint Procedure

If you believe there has been a violation of the EEO policy or harassment based on the protected classes outlined above, including sexual harassment please use the following complaint procedure. The City expects employees to make a timely complaint to enable the City to promptly investigate and correct any behavior that may be in violation of this policy. Report the incident to the Human Resources Department who will promptly investigate the matter and take appropriate corrective action. Your complaint will be kept as confidential as practical.

If the City determines that an employee's behavior is in violation of this policy, appropriate disciplinary action will be taken against the offending employee, up to and including termination.

SECTION 18 Problem Resolution Procedure

It is the intent of the City of Sheridan to make an earnest effort to settle issues, problems and/or disagreements promptly. Although most misunderstandings can and should be solved on an informal basis with the supervisor, more formal provisions have been made to resolve difficult problems or sensitive issues.

1. Manager's and Supervisor's General Guidelines for Reducing the Number of Problems:

It is as much the responsibility of the supervisor to listen to and resolve issues, as it is to fulfill production schedules. As a supervisor, you must hold a level of responsibility, promoting professionalism, and not a level that is reactionary to personal opinion or a feeling of attack on you or that of the other employee, or employees involved. Concerns raised must be dealt with and cannot be ignored; otherwise "molehills" will quickly become "mountains". While there is no magic formula to accomplish this, the following suggestions are offered for guidance:

- * Be alert to the usual causes of problems. Do not knowingly violate City Policy. For example, deliberately distributing overtime unequally in violation of a policy provision to the contrary is an open invitation for a problem to surface.
- * Let the workers know how they are getting along.
- * Correct minor irritations.
- * Encourage constructive suggestions.
- * Assign work impartially.
- * Give reasons for your orders unless they are obvious.

- * Be consistent unless there is an obvious reason for change.
- * Explain change.
- * Act as soon as possible on requests.
- * Avoid showing favoritism.
- * If corrective action has to be taken, do not make a public display of the disciplinary talk or action. In short, use common sense, and until proven wrong, assume that fair treatment will pay off in cooperation.

LISTEN:

Don't brush off this meeting without fully hearing the complaint. Listen carefully without interruption- then ask questions without becoming argumentative.

UNDERSTAND:

Hear and understand the complaint, if the foreperson is absolutely certain of the proper answer and feels a quick response will resolve the matter, and then an immediate reply can be given.

DON'T PROMISE ANYTHING OTHER THAN AN INVESTIGATION:

If you, the supervisor are:

- A: Not sure of the facts, or
 - B. Not sure of the handbook interpretation or the City's policy,
- or
- C. Doubtful that the atmosphere is right for resolution,
- then don't promise anything other than a careful investigation.

INVESTIGATE RECORDS:

Investigate and determine all the facts- review any relevant records such as attendance, overtime, etc.

REFER TO CITY POLICY

Obtain advice from the Director of Human Resources regarding handbook interpretations or City Policy. Don't make hasty decisions.

PREPARE ANSWER

Determine a solution after analyzing all of the facts. Discuss your reply with your supervisor and/or the Director of Human Resources. Keep a record of all the facts and the answers that you give.

In a situation where you are not sure whether the employee or the company is at fault, give the benefit of the doubt to the City. The supervisor is not expected to act as an arbitrator, but only to resolve those cases in which the problem is clearly justified. Issues should not be upheld in which management is either right or the decision is bordering on doubtful.

The supervisor must realize that to apply personal interpretations of the given policy can jeopardize the operation of the department or the entire City.

IF THE ABOVE DOESN'T RESOLVE THE ISSUE, OR THE EMPLOYEE IS NOT YET SATISFIED

2. Employee Guidelines:

It is the policy of the City of Sheridan that all employees have the right to voice their complaints. The City recognizes the meaningful value and importance of full discussion in resolving misunderstandings and preserving good relations between management and its employees. Accordingly, the City believes that these procedures will ensure that complaints receive full consideration.

Certain items shall not be subject to the problem resolution process. Such items include, but are not limited to:

- A) Determination of policy, including the right to manage the affairs of the City.
- B) The right to assign working hours, including overtime.
- C) The right to organize and reorganize in any manner it chooses.
- D) The determination of health, safety and property protection measures.
- E) The right to hire, evaluate, promote and layoff personnel as it sees fit.
- F) The establishment, modification and enforcement of rules and regulations.
- G) The introduction of new, improved or different methods and techniques of operation.
- H) This policy does not apply if:
 - 1) The issue at hand is covered under the Civil Service rules and regulations, or;
 - 2) The issue would be covered under an existing Union contract.

These management rights are preserved to protect the health, safety and welfare of all employees.

Most misunderstandings can and should be solved on an informal basis with your supervisor in a timely manner. More formal provisions have been made to resolve difficult problems. (See below.)

3. Process for formally addressing issues:

Step 1: It is of the utmost importance that in all instances the supervisor notifies the employee of the action to be taken to correct the situation at hand. If the supervisor believes no action is warranted or possible, the employee should receive an explanation as to the reasoning of such decision.

Step 2: In the event the employee feels the problem remains unresolved after discussions with the supervisor, the employee may submit the complaint in writing for reconsideration. A written complaint is to be submitted to the next level of supervision; it is at the discretion of the next level of supervision whether to involve

further levels of supervision, up to and including the Department Head, and/or the Human Resources Director. It is expected that the vast majority of problems will be resolved at this step of the process.

4. Union Contract and Civil Service Provisions:

This process does not apply when and if there is applicable Civil Service Rules and/or a Collective Bargaining Agreement in place.

5. AT-WILL EMPLOYMENT

DURING THE COURSE OF YOUR EMPLOYMENT, YOU ARE FREE TO LEAVE THE CITY AT ANY TIME FOR ANY REASON, AND THE CITY HAS A SIMILAR RIGHT EXCEPT AS OTHERWISE PROVIDED BY CIVIL SERVICE STATUTES. THIS IS CALLED "EMPLOYMENT AT WILL," AND NO ONE HAS AUTHORITY TO ALTER THIS ARRANGEMENT. THE ONLY EXCEPTION WOULD BE AS PROVIDED FOR IN AN INDIVIDUALLY NEGOTIATED WRITTEN EMPLOYMENT AGREEMENT AUTHORIZED BY THE CITY COUNCIL AND EXECUTED BY THE MAYOR, OR AS OTHERWISE MAY BE SPECIFICALLLY PROVIDED IN APPLICABLE CIVIL SERVICE STATUTES.

.

6. "OPEN DOOR"

Any acts that are illegal or unethical, such as sexual harassment, hostility in the workplace, or unsafe practices, can be elevated at any time, to any supervisor or manager, up to and including the Mayor and/or City Council Member.

The "open door" policy is a safeguard against any possible illegal or unethical situation. All employees may therefore be assured that every effort will be made to resolve problems to their satisfaction. Under no circumstances will an employee be penalized for presenting a good-faith issue under this "open door" policy.

SECTION 19 Ethical Conduct; Political Activity

Employees shall conduct their official duties with integrity, impartiality, and in the public interest. They shall conduct both their official and private affairs so as not to give a reasonable basis for the impression that any employee can be improperly influenced in the performance of their official duties. Employees shall conduct themselves as to maintain public confidence in the city. They should avoid even the appearance of conflict between public duties and private interests.

Employees shall be granted up to two (2) hours off work, at the convenience of the supervisor or department head for voting purposes.

Retired employees may choose to sign up for retiree health insurance coverage provided they meet the following conditions, However, the City reserves the right, with or without notice, to change it's health insurance coverage by increasing deductibles and changing coverage and company as it sees fit.

1. The retiring employee must have a combination of years of service and age totaling eighty (80).
2. The retiring employee must not be eligible for medical coverage under any other group or through Medicare/Medicaid.

Department heads may request an audit of the positions and class within their departments where they believe significant changes in responsibilities and duties have developed through reorganizations of departmental function and/or operations

SECTION 33 Salary Schedules

Refer to "Employee Relations Ordinance 1970 which calls for Market surveys to be conducted every three (3) to five (5) years. Every year the City Council will determine if an adjustment to the entire pay scale is necessary, supported by current market conditions and availability of funds. Additionally, the City Council will determine an amount, if any, that will be available for merit salary increases. (see following section Merit Salary Increases)

SECTION 34 Merit Salary Increases

The City of Sheridan may award merit salary increases based on council approved funding (in the form of merit raises or merit payments, as defined below) to employees who demonstrate outstanding job performance supported by the annual performance review.

The amount of each merit raise will be based upon the availability of funding and equitable allocation procedures proposed by the City administration and approved by the Council as a part of each annual budget. Merit payments may not exceed two steps on the employee's grade.

In its budget, the City Council will determine the total amount of funds available for merit increases.

A merit increase is defined as an increase in salary for work performed but not associated with a promotion or change in job title.

Two types of merit increases may be awarded:

Merit Raise - An employee may be granted a merit raise that is added to the employee's base salary.

Merit Payment - An employee may be granted a lump sum merit payment that is not added to the employee's base salary. Merit payments are subject to the standard payroll deductions.

A merit raise may only be awarded once annually. An employee who meets expectations or demonstrates sustained superior performance, as evidenced by a meets or exceeds expectations overall rating on a current performance appraisal may be eligible for a merit raise or a merit payment. An employee who receives a needs improvement overall rating will not be eligible for a merit increase. Funding may not permit a merit increase for all employees with a meets expectations rating.

SECTION 35 Longevity Pay; Length of Service Required for Eligibility;
Effect of Leave of Absence

Due to the action of the City Council on December 5, 2005, City of Sheridan employees who were receiving longevity pay through December 31, 2005 will be "grandfathered" at their current rate. The longevity pay was included in total compensation which was used to place employees into the proper step in the current salary schedule. Subsequently, longevity pay has been discontinued.

SECTION 36 Pay Treatment for Promoted and Reclassified Employees

Upon promotion, the employee's rate of pay shall move to the minimum step of the new classification. If the employee's rate of pay in the former class is equal to or more than the minimum rate for the new class, the employee's rate shall be advanced, at a minimum, to the step that grants him/her an increase in pay.

SECTION 37 Pay Treatment for Demoted Employees

The rate of pay for demoted employees shall be determined by the Department Head, after consultation with the Director of Human Resources and the immediate supervisor. The rate of pay shall not exceed the pay rate of the employee's former class, but rather shall result in a one step reduction in pay at a minimum.

SECTION 38 Pay Treatment for "Fully Compensated" Employees

Any action by the Sheridan City Council pursuant to section 36 of this Employee Handbook shall not impact Employees that are Fully Compensated until their rate of pay is encompassed within the assigned range for said position.

SECTION 39 Exit Interview

Employees who resign shall give a minimum of two (2) weeks notice to their supervisor and department head.

Employees who separate employment from the City shall be encouraged to discuss their employment experience and future plans with a representative of the Human Resources Department. This procedure is intended to provide direction and assistance to separating employees and to provide a basis for appropriate action, as required, to maintain a stabilized work force.

The Treasurer's office shall be responsible for the issuance of the final payroll check.

SECTION 40 Retirement

In accordance with federal and state law, the City of Sheridan has no mandatory retirement age. Eligibility to collect retirement/pension will be determined by the rules of the retirement/pension plan.

The following conditions shall be required for a retiring employee to be eligible to sign up for Retiree health insurance:

1. The retiring employee must have a combination of years of service and age totaling eighty (80).
2. The retiring employee must not be eligible for medical coverage under any other group plan or through Medicare/Medicaid.
3. The retired employee shall be responsible for the payment of all premiums for his/her medical benefits.

SECTION 41 Reduction of Work Force: Layoffs and Recall

The Mayor, in consultation with the Director of Human of Human Resources and the department head, may reduce the work force of a department or of a class position when reorganization has resulted in the abolishing of a position, when there is a lack of work to be performed or when the funds are not available for proper compensation of work performed. It shall be the policy of the City to grant seniority rights to regular employees whose positions have been abolished for any of the above reasons. Such employees shall be placed according to seniority in positions for which they are qualified, and they shall have seniority preference for reinstatement. When an employee is laid off because of a temporary reduction in the volume of work and their performance has been satisfactory, they will be given service credits earned prior to the lay off for a period of one (1) year. If the employee does not return to the City when given the opportunity, they will forfeit all prior earned service credits and seniority, such as vacation, sick leave and longevity.

SECTION 42 Membership in Professional Organizations or Societies

At the discretion of the Mayor, an employee's membership dues in work related professional societies and organizations may be paid by the City.

SECTION 43 Tobacco Policy

The city values its employees and sees smoke-free facilities as a healthier work environment. The City is dedicated to providing a healthful, comfortable, productive environment for all personnel.

The City of Sheridan prohibits the use of any form of tobacco products, smoke or smokeless, in City facilities and City vehicles.

SECTION 44 Substance Abuse

SECTION 45 Honor Code

It is the policy of the City of Sheridan that all employees are to report to management all instances of violations of law or City Policy or procedure, including, but not limited to, unlawful discrimination, unlawful harassment, OSHA concerns, ADA, FMLA, etc. This is true whether or not the employee is directly involved. If the employee has knowledge of the violation, the employee is obligated to report it.

SECTION 46 Vehicle and Travel Policy

City vehicles shall be operated in compliance with existing State Statutes, City ordinances, and City policies and procedures.

Employees operating City vehicles shall have in their immediate possession a current, valid, and applicable vehicle operator's license. Any employee who operates a City vehicle will be subject to an annual driving record check.

Department Heads are responsible for ensuring the proper care, maintenance, and operation of all vehicles assigned to their Department.

Accidents involving City vehicles shall be investigated per Wyoming statute. Additionally, a Departmental inquiry shall be conducted within (10) working days of any accident to determine the presence of any operational, safety, and/or mechanical factors contributing to the accident, to include compliance with the City Drug and Alcohol Plan. Such inquiry shall include a written report to the Department Head, detailing any contributing factors as well as providing recommendations on avoiding future similar accidents.

Safety Issues

City vehicles shall be operated in a reasonable and prudent manner.

Safety devices (horns, lights, warning devices, etc.) shall be operable and properly utilized. Where existing, occupant restraint devices shall be continuously worn per manufacturer guidelines by all occupants of City vehicles. Vehicle operators shall not be under the influence of any alcoholic beverage or contraindicated drug, nor shall the odor of same be on or about their person.

Operation of City Vehicles

Except as authorized in writing by the Mayor, City vehicles shall be operated only by City employees authorized to do so by their Department Head.

In the case of a clearly immediate and present emergency, a City vehicle may be temporarily operated by an employee or other person not otherwise authorized its operation.

When not in actual use, or when left unattended in the course of carrying out City business, City vehicles shall be properly secured.

When not in actual use, City vehicles shall be properly parked or otherwise housed on city property.

Use of City Vehicles

While City vehicles are legitimate tools for performing City business, their use is also accompanied by serious responsibility and accountability. As such, all employees shall present a professional image and exhibit exemplary

driving behavior when operating or otherwise utilizing city vehicles. To this end, employees shall at all times consider the public's perception of City vehicle appearance, operator/occupant behavior, and vehicle use and location.

Except as otherwise specified, City vehicles shall be used for official City business only. In no circumstances shall City vehicles be directly or indirectly used for purposes of personal gain.

Prior to and after official City travel, City vehicles may be taken home to accommodate employees leaving and arriving before or after regular working hours.

Special Provisions

1. Passengers - passengers in City vehicles are limited to:
 - Employees transported for purposes of carrying out official City business.

4. Employees temporarily assigned an On-call Vehicle for on-call purposes may use such vehicle for commuting while assigned.
5. Employees assigned an Emergency Service Vehicle, or a temporary-use On-call Vehicle for standby duty, may use such vehicle for de minimus personal purposes (the occasional stop or errand performed between work locations or commuting points).

SECTION 47 Electronic Use Policy

Employees of the City of Sheridan will be granted access to the Internet through the City's networked computer system. Access to City networks offers vast, diverse, and unique resources that should promote productivity by facilitating resource sharing, innovation, information gathering, and communication. City employees should be aware that City work stations, smart phones and equipment are City property, not personal property, and should be used accordingly.

Employees who use our computer network will have access to information and people around the world. Unfortunately, it is possible to access unsuitable information or sites on the World Wide Web even though the City has installed filters and firewalls as preventative measures. The City is not responsible for the quality or content of material that has been created elsewhere. The City has developed guidelines to provide assistance in using the network appropriately.

Accessing the City's networked computer system is a privilege, not a right. The use of City networks should be in support of the functions, goals and objectives of the City. Employees using computers linked to the City network are responsible for adherence to City regulations at all times. It is suggested that Internet use be matched as closely as possible to work activities.

When using the City's networked computer system, City staff shall adhere to the following guidelines:

- Employees should not intentionally send anonymous messages or represent a message to have been written by someone else. All correspondence sent by network users should be clearly identifiable as to its originator. Personal communications between individuals or groups should not be quoted without the original author's prior consent.
- Employees are not to intentionally reveal anyone's personal information such as name, home address, or phone number using the City network. Employees are not to give out passwords, allow others to use their account, or use another individual's account.
- Employees are not to engage in vandalism. Vandalism is defined as any malicious attempt to physically deface, disable, or destroy computers, peripherals, or other network hardware, or to harm or destroy data or another user or any agencies or networks that are connected to the system. This includes, but is not limited to, the creation or intentional transmission of computer viruses or other malware or malicious code.
- The City may review, audit and download e-mail messages that are sent or received by its staff members and may monitor staff internet access. All email communication is considered public information.

Due to the technical nature of using the Internet, the City will not be held responsible for any damages that employees may suffer as a result of using the network. This would include the loss of data resulting from delays, non-deliveries, miss-deliveries, or service interruptions. Use of any information obtained via the City's internet service is at the employee's own risk. Any personal information stored on City computers may be subject to deletion. The City specifically denies any responsibility of the accuracy or quality of information obtained through its services. City computers are set-up to block unauthorized programs in an attempt to protect City computers and the network. Employees that compromise their workstation or the network could lose saved information should unauthorized use require the computer to be

fixed. In this situation it may be necessary for City technicians to return the workstation to the base configuration.

City employees using the computer network are expected to act in a responsible, ethical, moral, and legal manner in accordance with City policy, regulations, and state, federal or local law. A number of actions are prohibited. No City employee may use the network:

1. To knowingly facilitate illegal activity;
2. To conduct commercial or for-profit activities, except for City purposes which have been approved;
3. To intentionally send or post comments which are slanderous or defamatory, or which violate state or federal laws or City policies against discrimination, including sexual harassment. City employees may not use the network to make threats of violence or to facilitate illegal harassment or stalking;
4. To knowingly engage in the unauthorized or illegal installation, distribution, reproduction, or use of copyrighted materials;
5. To intentionally access or email material which is illegal under state, federal, or local law, including, but not limited to child pornography or obscene materials, as defined by law. No City employee may use the network to intentionally access or email websites, files, video, images, text, or other material which is pornographic or sexually explicit;
6. To intentionally play games, find entertainment, or conduct personal (non-City) business, except that the employees may make occasional, but limited personal use of the network if such use is brief in duration, does not interfere with the performance of job duties, does not adversely impact the network resources, and is otherwise consistent with all City policies and regulations;
7. To intentionally obtain or modify files, passwords or data belonging to another user;
8. To log onto the network using someone else's password under false pretenses;
9. To fraudulently copy communications, or to knowingly modify files, or other electronic media;
10. To intentionally destroy, modify, or abuse City hardware or software;

All terms and conditions as stated in this document are applicable to the City of Sheridan. These terms and conditions supersede all prior oral or written agreements and understandings of the City of Sheridan and the employee signing this policy. The terms and conditions of this policy shall be governed and interpreted in accordance with the laws of the State of Wyoming and the United States of America. Signing this policy places you under its terms for your entire City of Sheridan career. In signing the policy agreement, you agree to waive any privacy you may have in using e-mail or Internet communications. Be aware that City computers may be searched at any time to investigate violations of this agreement. Employees who leave the City will have their accounts terminated.

The inappropriate use of electronic information can be considered a breach of City policy and it may be looked upon as a violation of local, state, or federal laws. Employees that violate the terms of this policy may be subject to disciplinary actions including dismissal or termination. (Employees covered by Civil Service may be referred to the appropriate Civil Service Commission.) The City reserves the right to deny network access to any user identified as a security risk. In more serious situations, violators will be turned over to the proper legal authorities.

SECTION 48 City Credit Card Guideline

1. Credit cards are an efficient and effective means for purchasing goods and services and for employee travel, if utilized properly within the guidelines established as set forth herein below. Department Heads are responsible for credit card use in their department. City credit cards shall be used for City business use only. Any misuse shall require appropriate disciplinary action.

2. Procedures: All City employees shall adhere to the following rules:

Credit Cards are for the following purposes only.

Employees shall follow all established policies and procedures ensuring the privileged use of credit cards.

3. Management Procedure

- b. Audit statements and receipts to match receipts with line item verifying all purchases and expenditures as required.

4. Treasurer's Office

- a. Periodic audit of vouchers from each department will occur.

Section 49 Employee Assistance Plan

The City of Sheridan attempts to provide a practical, constructive mechanism for assisting employees with personal problems which may affect the work situation, or to aid those employees and family members who voluntarily wish to use the program to resolve a personal problem.

The Employee Assistance Program (EAP) is offered to all employees and their family members.

The City of Sheridan will encourage employees and family members who are experiencing personal problems to take advantage of the assessment, counseling and referral services available on a voluntary basis through the EAP. Problems may include emotional and mental issues, family concerns, alcohol and drug problems, and questions related to financial and legal concerns. Early intervention and assistance minimizes the adverse impact on an employee's personal/family life and job performance.

The City of Sheridan believes that an employee's job performance may also be affected when a member of his or her family is experiencing personal issues. For this reason, the City of Sheridan extends the same offer of referral to any member of the employee's immediate family.

An employee's acceptance, rejection, or failure to respond to treatment does not diminish the employee's responsibility to meet required job performance standards. Employees are only eligible for the EAP services while they are active employees.

All EAP services (assessment, referral, short-term counseling, if available, and follow-up) are free of charge. In some instances, referrals to service providers outside the EAP may be recommended. Any costs for services outside of the EAP are the employee's responsibility. The employee is also responsible for determining if the outside services recommended by the EAP are covered under his or her health benefit plan.

SECTION 50: Two Way Radio, Cellular Telephone & Personal Electronic
