

Free Grindable Demolition

To encourage infill development, general community clean up and extend the life of the landfill, the City of Sheridan is offering free grindable demolition debris disposal for permitted residential or commercial building demolition projects within city limits. Free grindable demolition disposal for up to 100 tons of demolition waste, per permit, can save property owners \$45/ton to \$102/ton in landfill tipping fees.

Owners of this Brooks Street property saved \$2,117 through the City of Sheridan's free grindable demolition program.

Save money on your project

The basic structure of your building should be grindable. Non-grindable metal and concrete can often be recycled by local companies. To learn more, talk to your contractor.

Call Habitat for Humanity at 672-3848 to find out how you can donate non-grindable household items to ReStore.

For more information visit SheridanWy.net or call 674-8461.
