

# Free Grindable Demolition Disposal

Save \$45/ton to \$102/ton in landfill tipping fees by taking advantage of the City of Sheridan's free grindable demolition debris disposal for permitted demolition projects. Grindable materials only. Must show permit at the landfill. Free service available for disposable demolition projects only. To learn more call 674-8461 or visit [SheridanWy.net](http://SheridanWy.net).

## What's Grindable?

The basic structure of your building should be grindable, and many non-grindable items can be donated or recycled by local metal and concrete companies. Here's a snapshot of what should be removed in order to take advantage of this free program.

## What's not Grindable?

Electric motors  
from ceiling fans,  
swamp coolers, etc.

Hazardous  
waste; ballasts,  
paint, etc.

Anything  
cast iron

Metal thicker  
than 1/4 inch

Asphalt,  
concrete, etc.

Household  
items, trash,  
furniture, etc.

Refrigerators, furnaces and metal, gas and plumbing lines should also be removed. Ask your contractor where to recycle your metal and concrete, and call Habitat for Humanity at 672-3848 to donate other household items.
